EXPERIENCE

Game Developer Intern

Ahura Technosoft LLP. May 2022 - Aug 2022

Throughout my internship I worked on a project named as "AT Least". My role there was Programmer and Designer. This Internship has played vital role in improving not only my domain knowledge but my soft skills have improved a lot. I got to know about the importance of communication, team management, Project Management and the Importance of Documentation.

Game Programmer Intern

Digital Rooar May 2023 - June 2023 and Jan 2024 - April 2024

Working at this company made my roots grow even stronger in video game programming. The project I worked on was "Cricket League" it's a 1v1 online cricket game. Here I witnessed the importance of handling dependencies, programming patterns and the coding conventions.

TECHNICAL AND SOFT SKILLS

Unity Engine	70 %
Project Management	80 %
Team Coordination	80 %
C#	75 %
